# NONFICTION SMACKDOWN!

Your mission this month is to read TWO different nonfiction books on the exact same topic and tell me which one is best.

**My books are about** \_\_\_\_\_

Use the chart below to compare your books.

	Book 1 Author and Title:	Book 2 Author and Title:
<b>Put a checkmark under the book that:</b>		
Has the most information about the topic		
Is easiest to understand		
Is the most interesting		
Has the best illustrations (photos, drawings, graphs, diagrams, maps)		
Is easy to find things (has a table of contents and an index)		
Has a glossary		

Now go back and circle the title of the best book on your topic.

Write a couple of juicy sentences below that tell how you will recommend this book to someone who wants to know about your topic:
